Raja Yasir Humayun Sarfraz
(Minister Higher Education, Punjab)

Education improves an individual's quality of life. Higher education enables individuals to expand their knowledge and skills, express their thoughts clearly in speech and in writing, grasp abstract concepts and theories, and increase their understanding of the world and their community. In this regard Introduction of grading system at Secondary and Higher Secondary level (Boards of Intermediate and Secondary Educations) will not only strengthen, conceptual and practical learning of students but will also put an end to "rattafication". This will open an era of knowledge and skills acquisition, thus enabling our youth to be more empowered and capable of bringing change.

Mr. Nadeem Mahbub
Secretary, Higher Education Dept. Punjab

Higher Education Department, Government of the Punjab is taking concrete and effective measures for elevating educational standards in the province while upholding the core principles of positive net value delivery to students with efficiency and sustainability. To achieve this end, the Boards of Intermediate and Secondary Education (BISSE) are required to play an effective and pivotal role by ensuring transparency in the Secondary School Certificate (SSC) and higher Secondary School Certificate (HSSC) annual examinations, as only merit can enable talented students to contribute in the development of their homeland.

I believe that the Board of Intermediate and Secondary Education, Faisalabad and other Educational Boards will strive to improve evaluation and assessment systems to match contemporary needs

Prof. Dr. Tayybah Shaheen
Chairperson B.I.S.E., Fsd.

From the very start of my professional career, I have always believed in prompt action and immediate results. There is no word like tomorrow in my dictionary. When Govt. of Punjab entrusted me with this responsibility as Chairperson of Faisalabad Board, the main task was to deliver and serve the public. So I made a promise to myself that I will provide justice at doorstep without complication because justice delayed is a justice denied. Therefore, I have adopted open door policy for the public. People are welcome to visit my office any time. Start of online tracking system in board is a fruit of this thought.

1- Inter Collegiate Sports Prize Distribution Ceremony

Sports are the benchmark of live and healthy nations. The soil of Pakistan has produced many international players of matchless skills and technique. They have brought home many accolades and awards, helping in setting the image of Pakistan as a peaceful and sports loving country. Such players are not produced abruptly but are the product of relentless hard work and attention of their coaches and guides right from the grass root level. The nursery of such players are prepared and nurtured at the school and college level. Initially at the local level divisional level games are the turning point in a player's professional life.

BISE, Faisalabad recognizing the significance of games has and had been conducting sports activities to the fullest in accordance with the sports-schedule approved by the IBSC. The Board has established male and female sections under its Sports Department and equipped them with highly educated, skillful and vastly experienced staff to conduct sports activities separately for boys and girls and to groom their talent accordingly. Alhamdulillah, by virtue of the institutional patronization and devoted efforts of the concerned staff, the Board has performed remarkably in the field of sports and won hundreds of trophies during All Pakistan

Inter-Boards Games, Sports Gala, and Sports-Festivals, etc. and eventually won the "General Trophy" more than 12 times as well.

The sitting Chairperson, right after assuming her charge in this Board, has realized the significance of the games and decided to revive and reinvigorate sports activities. First challenge in this endeavour, was organizing the event of intercollegiate games 2020-2021 of Faisalabad division. By virtue of these devoted efforts, the BISE, Faisalabad has become the only Board in the country which has not only conducted its Inter-Collegiate Games 2020-21 but also conducted the "Prize Distribution Ceremony" after eight years' pause which was last held on 09.03.2012 at the Board's Campus.

Therefore, a splendid function was the need of hour to commemorate and encourage our youth to further motivate them to excel in sports. Prize distribution ceremony was arranged to honor players and colleges by giving them trophies, shields, certificates and cash prizes. For this purpose Raza Nasrullah Ghuman (MNA, Member public accounts Committee) on whose behalf his son (Abdul Qadir Ghuman) graced the ceremony and Adil Pervaiz Gujjar (Parliamentary Secretary of Environment Protection), were invited as the guest of honour. 10- SSC and HSSC Examination Schedule

Covid-19 has presented the world with a unique kind of challenge. People are confined in their homes. The situation presents a worldwide curfew like silence, where streets, parks and markets are deserted, while the hospitals are full of patients infected with COVID-19. Therefore, it is stressing on the need of adopting precautionary measures. Similar is the situation of educational institutes, these are only closed in selective districts where Lockdown has been imposed. After detailed deliberations with all stakeholders concerned government has decided to start SSC examination all over the Punjab on 25-05-2021 which will continue for next thirty days and SSC result will be announced on 21-09-2021.
